## Summary

Senior frontend engineer with 5+ years of experience building responsive, performant, and accessible websites using modern web technologies. Highly proficient in JavaScript, TypeScript, React, Astro, Tailwind CSS, PHP, and WordPress with a strong foundation in UX/UI design and cross-functional team leadership.

## Work Experience

### Senior Frontend Engineer · ennovationHUB Jan 2024 — Present

- Architected and built responsive UI components and reusable layouts for various websites using technologies such as JavaScript, TypeScript, React, CSS, PHP, jQuery, WordPress, and more
- Collaborated with project managers, designers, and other engineers to deliver scalable solutions in agile sprints
- Led key initiatives such as standardised code documentation, a team-wide accessibility checklist, and recurring knowledge-sharing sessions, boosting overall code quality and collaboration

### Lead UX/UI Engineer · ennovationHUB Jan 2022 — Jan 2024

- Directed UX strategy and design across multiple eCommerce projects, improving conversion rates and mobile usability
- Managed a creative team (designers, copywriters) to ensure consistent branding across all digital assets

### Frontend Developer · ennovationHUB Jun 2020 — Jan 2022

- Developed and maintained various eCommerce websites using JavaScript, HTML, CSS, Sass, PHP, and WordPress
- Performed quality assurance tests on various websites to ensure cross-browser compatibility and mobile responsiveness
